## FOR IMMEDIATE RELEASE

### Three Mile Slough Bridge Closure

**Solano County** – The California Department of Transportation (Caltrans) plans two nights of closures at the Three Mile Slough Bridge for emergency repair work. The bridge is located on State Route 160 near the Brannan Island State Recreation Area.

The closures will be from 8 p.m. to 4 a.m. on the nights of Monday, September 29 and Tuesday, September 30.

The closure is necessary for Caltrans to repair some damage to the lift-span which links State Route 4 with Sacramento via the Antioch Bridge. The bridge also serves as a vital link to Contra Costa County from eastbound State Route 12 in Solano County.

Motorists are advised to expect traffic delays during this operation and encouraged to take alternate routes if necessary. Motorists are also advised that traffic fines are doubled in construction zones.

Please “Slow For The Cone Zone.”
